1 Start white side up. Fold the bottom corner up to the top corner.

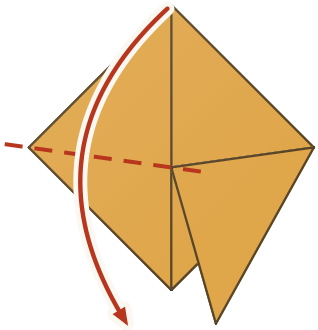

2 Fold the left corner up to the top point.

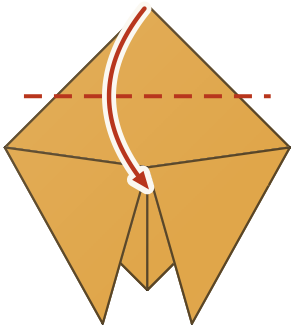

3 Fold the right corner up to the top point.

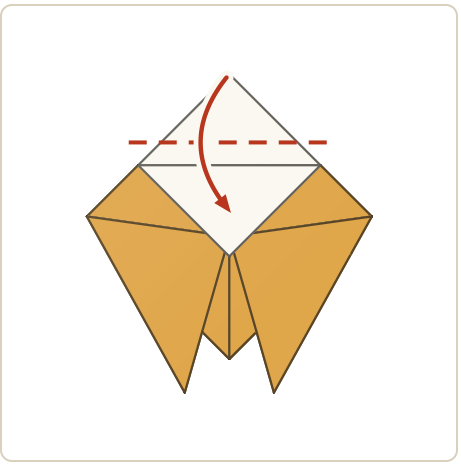

4 Fold the right flap down so its tip sticks out past the bottom. This is a wing.

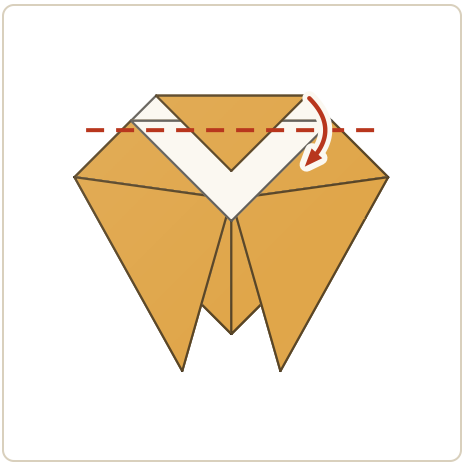

5 Fold the left flap down the same way.

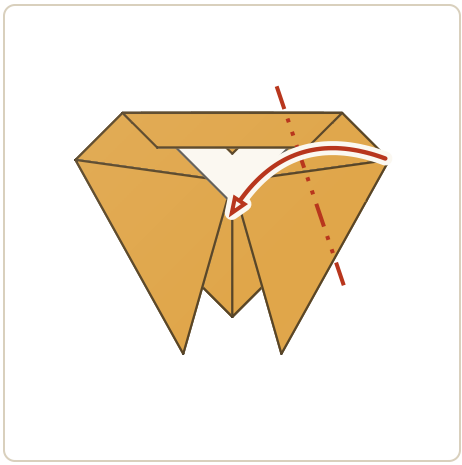

6 Fold the top corner of the front layer down, just past where the wings meet.

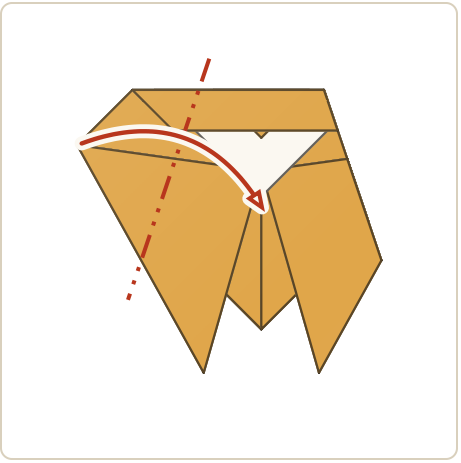

7 Fold the top corner of the back layer down, a little higher, so a strip shows below it.

9 Fold the right side behind.

10 Fold the left side behind.
