

# How to Fold an Origami Cup

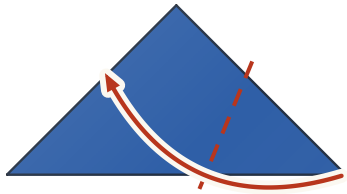

Easy level, 6 steps. Traditional. Earliest record: Die Fröbelschen Beschäftigungen, 1910.

Every fold is animated at orikatado.com/cup

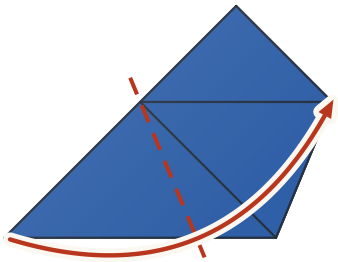

Valley fold: toward you  Mountain fold: away from you

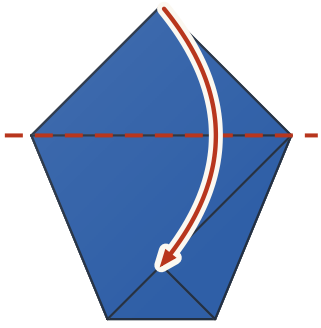

1 Fold the bottom corner up to the top corner.

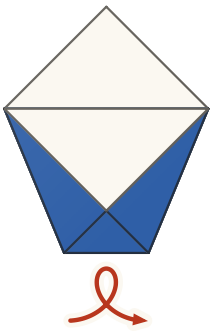

2 Fold the right corner across so its tip touches the left edge.

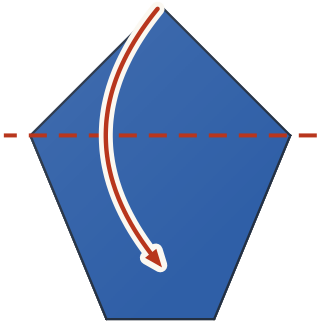

3 Fold the left corner across to the right edge.

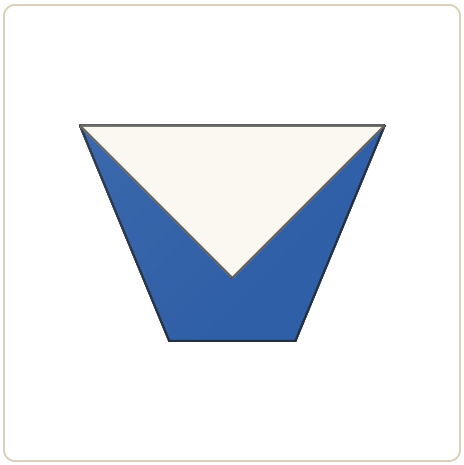

4 Fold the front layer of the top point down into the pocket.

5 Turn the paper over.

6 Fold the other top point down.

Done Press the sides to open the cup.
