

How to Fold an Origami Penguin

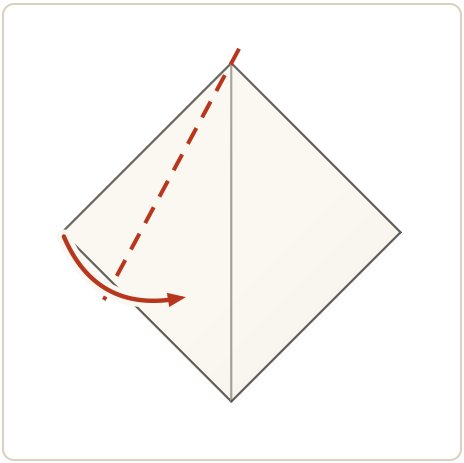

Easy level, 9 steps. Traditional. Earliest record: Origami Shuko (Honda), 1944.

Every fold is animated at orikatado.com/penguin

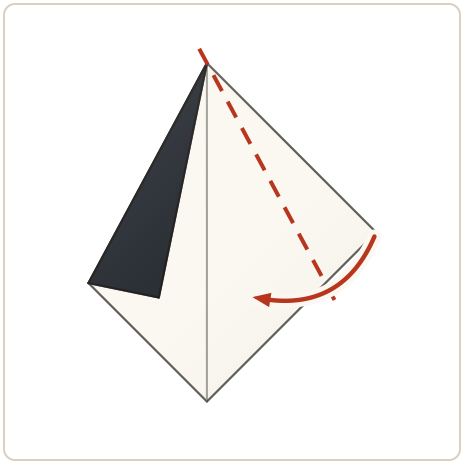

Valley fold: toward you Mountain fold: away from you

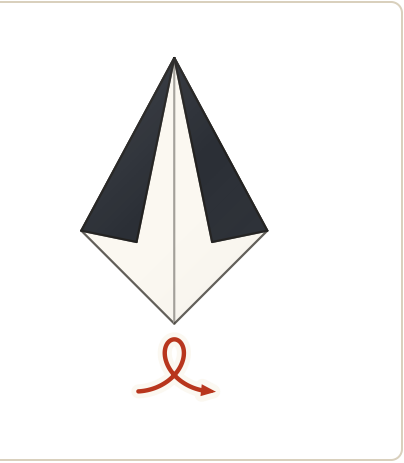

1 Start white side up. Fold in half from corner to corner, then unfold.

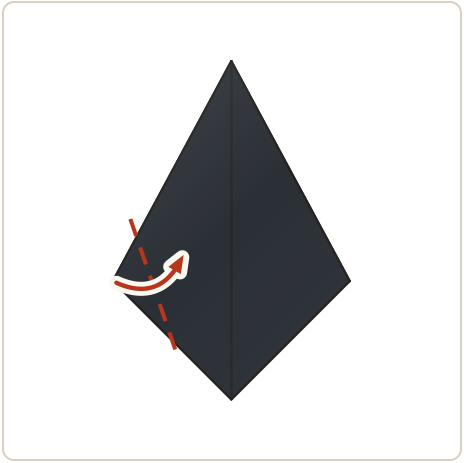

2 Fold the upper left edge toward the center line, stopping a little short.

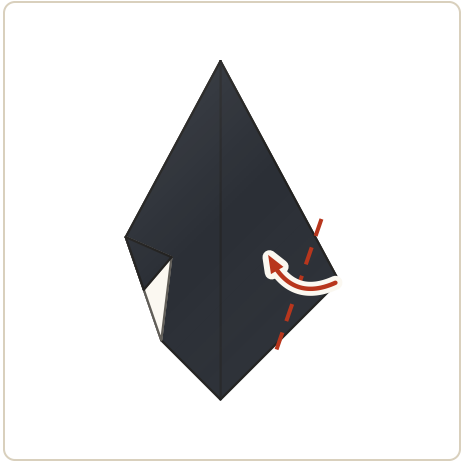

3 Fold the upper right edge the same way.

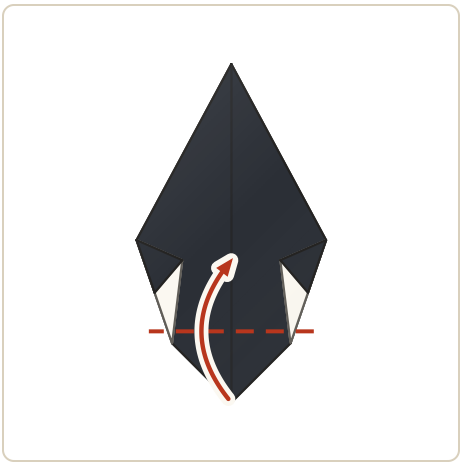

4 Turn the paper over.

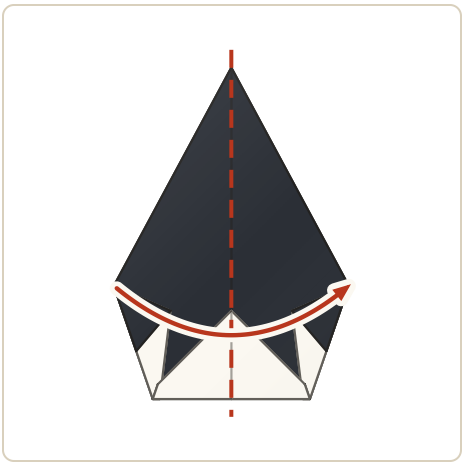

5 Fold the left corner in.

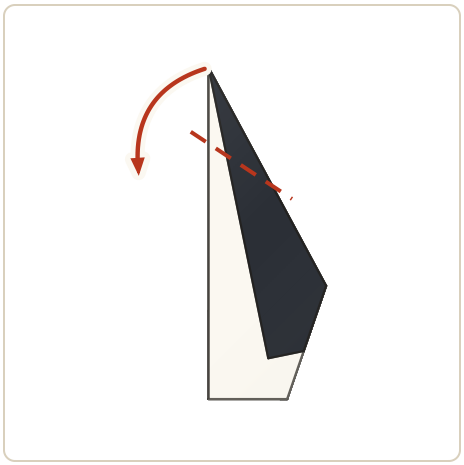

6 Fold the right corner in the same way.

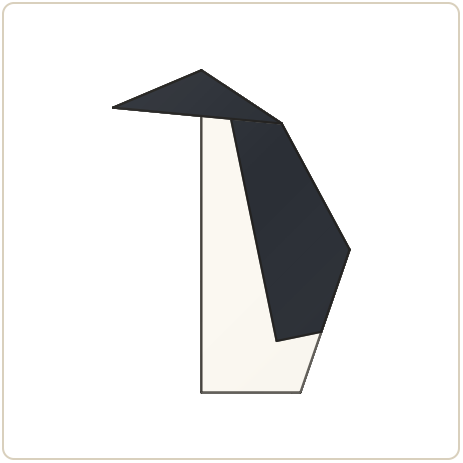

7 Fold the bottom point up.

8 Fold in half, left side over to the right.

9 Fold the top down over the front to make the head. This is an outside reverse fold.

Done Open the bottom a little so the penguin stands.
