

How to Fold an Origami Rabbit Face

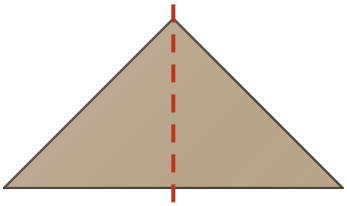

Easy level, 7 steps. Traditional.

Every fold is animated at orikatado.com/rabbit-face

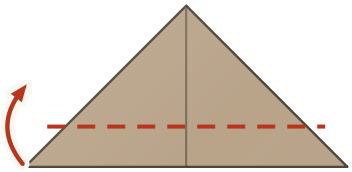

Valley fold: toward you Mountain fold: away from you

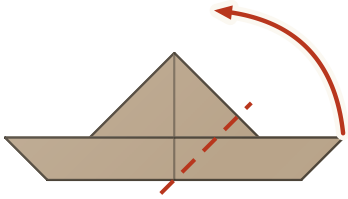

1 Start white side up. Fold the bottom corner up to the top corner.

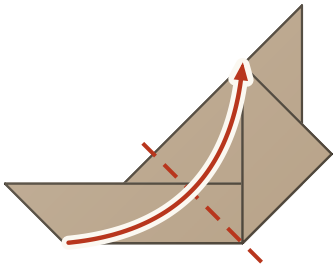

2 Fold in half from right to left, then unfold.

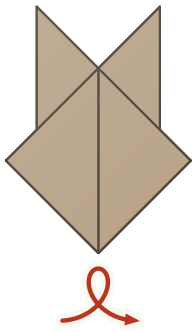

3 Fold a strip of the bottom edge up.

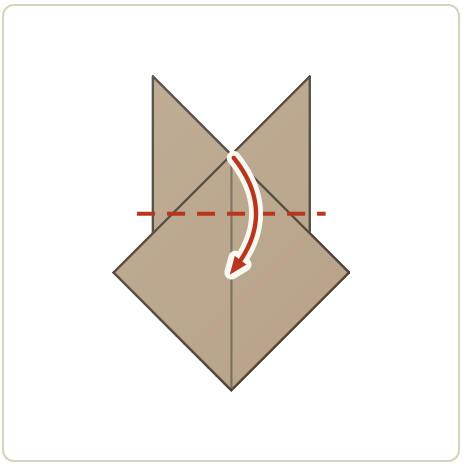

4 Fold the right side up along the center line to make an ear.

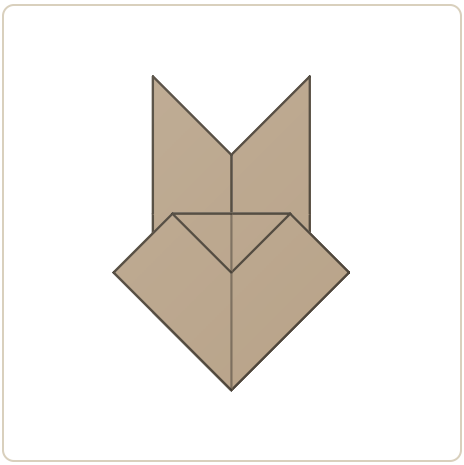

5 Fold the left side up the same way.

6 Turn the paper over.

7 Fold the top point down between the ears.

Done Draw the eyes, the nose and the whiskers.
