

# How to Fold an Origami Snowplow

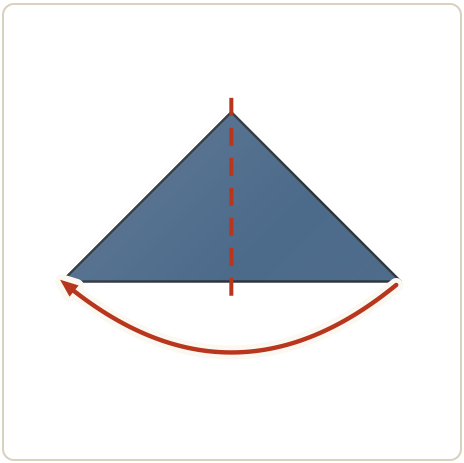

Easy level, 3 steps. From Paper and Scissors in the Schoolroom (Weaver), 1893. Public domain.

Every fold is animated at orikatado.com/snowplow

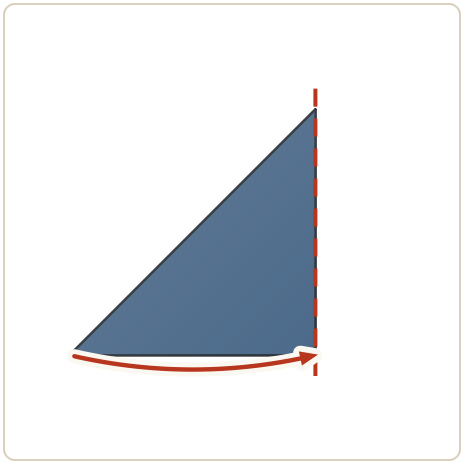

Valley fold: toward you  Mountain fold: away from you

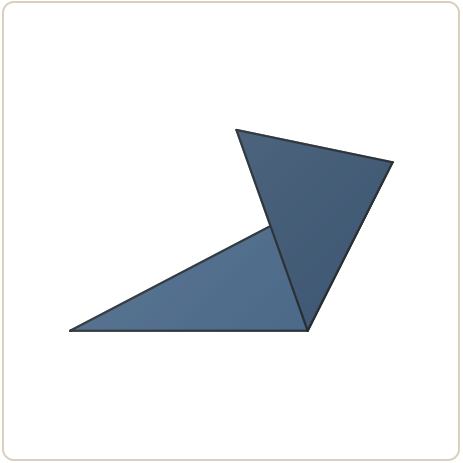

1 Start white side up. Fold the bottom corner up to the top corner.

2 Fold the triangle in half.

3 Open the last fold halfway and stand the plow on its two long edges.
